93892	Transcranial Doppler (TCD) study of the intracranial arteries; emboli detection without intravenous microbubble injection	n/a	\$259.20
93893	Transcranial Doppler (TCD) study of the intracranial arteries; emboli detection with intravenous microbubble injection	n/a	\$254.19

Providers must select the correct CPT codes and modifiers for services rendered. It is the provider's responsibility to confirm information obtained from TeraRecon's website with their local payer prior to filing claims. TeraRecon disclaims the responsibility to update global fee changes subsequent to publication.
